What is EVS....

The Eligibility Verification System provides a national toll-free telephone number to help providers obtain member eligibility, third party liability (TPL), warrant, prior authorization and claim inquiry information. Providers can also request prior authorization and eligibility fax backs. There are two ways to use the EVS system. A caller may use the touch-tone system or the automated voice response (AVR)/speech recognition system. A PIN is required to access member eligibility information. The four-digit PIN expires every six months. Providers may reset their PIN by following the prompts or by calling the Internet Help Desk at 1-800-522-0114, option 2.

Getting Started

Call the Oklahoma Member Eligibility Verification System at the above listed local or toll-free phone number. To access Automated Voice Response, stay on the line. DO NOT press the pound sign (#). At any time you may tell the system to repeat its last response by pressing the asterisk followed by the pound sign (*#).
