### Average ED Cost per Utilizing Member by Age Range

Overall average was based on the combined facility and physician unduplicated member and reimbursement amounts, not a sum of the separate averages. The Over 65 range contains a large percentage of members with both Medicaid and Medicare (SoonerCare Supplemental/Dual Enrollees) coverage. OHCA only pays the co-pay and deductible for SoonerCare Supplemental, which accounts for the relative decline in cost for members 65 and over.

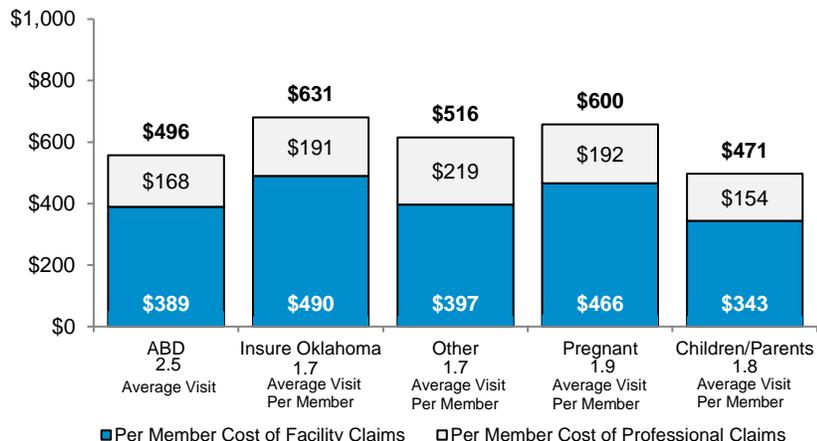

For this report, CHILD is defined as an individual age 20 and younger as of the last day of the state fiscal year. Report compiled by the Office of Data Governance and is valid as of 9/20/2019 and subject to change.
