## Proof of Timely

You can send a screenshot of your claim from the provider P portal for proof of timely. Open the claim, choose print and then save the screen as PDF, JPG or TIF. We must have steps 1 and 3, not just the claim number (ICN).

# TIMELY FILING – SOLUTION

- You have 183 days from the date of service to get your claims timely filed.
  - If timely filed, you have up to one year to get the claim paid with proof of timely.
    - Example: date of service is June 1, 2020, you have until November 30, 2020 to get the claim timely filed, and then with proof of timely, you have until May 31, 2020 to get the claim adjudicated.
- Crossover claims have 183 days from the date of service or 90 days from Medicare payment (no paper crossovers accepted).

# TIMELY FILING - SOLUTION

- All claims more than 183 days old require proof of timely filing as an attachment.
- Proof of timely filing:
  - The full page from your remittance advice that has the ICN and all lines of service related to the claim.
  - A copy of the portal screen that includes the ICN and line item details.
  - Date stamp on a paper claim returned by OHCA or DXC.

# TIMELY FILING - SOLUTION

- All claims over 12 months old must meet at least one of four exceptions (provider letter 2001-33):
  - Administrative agency corrective action or action taken to resolve a dispute.
  - Reversal of the eligibility determination.
  - Investigation for fraud or abuse of the provider.
  - Court order or hearing decision.

# TIMELY FILING - SOLUTION

## Medicare to SoonerCare:

- Claims for coinsurance and/or deductible must meet the Medicare timely filing requirements.
- The fiscal agent (DXC) must receive the electronic SoonerCare claim related to the Medicare service within 183 days of the date of service or within 90 days of the Medicare disposition (if more than 12 months).

# ELECTRONIC DATA INTERCHANGE (EDI)

# ELECTRONIC DATA INTERCHANGE

- **Submission**

- Provider, Clearing House or Billing Agency will upload the batch in the provider portal.
- Processing time, once uploaded, is approximately three to four hours; longer on high volume days such as Tuesday and Wednesday.
- Each batch is assigned a “Transaction ID Number” which populates back to the entity that uploaded the file in the portal.
- 999 Report should be viewed.

# ELECTRONIC DATA INTERCHANGE

- **Adjudication**

- Once the batch *passes* compliance the claims will start to adjudicate in our system.
- If after five to six hours you are unable to locate your claims in the portal, you should reach out to the EDI Helpdesk for troubleshooting.

- **Cross Walk Failure**

- OHCA or DXC can locate the claims in the system, but the provider is unable to see them because they failed to cross over to the billing group. This happens when something either was missing or not sent correctly in loop 2010AA, N4 or NM1\*85 segment (billing provider section of your claim).

# ELECTRONIC DATA INTERCHANGE

- EDI will map your claims to the billing group, using the following four pieces of information:
  - NPI.
  - Zip plus 4.
  - Contract C
  - code; example “G”, it’s put on by enrollment and not every provider has one.
  - Taxonomy: You do not have to send it in your file, but if you do, it must match exactly with what we have on file for that biller.
- If any of the and components above are incorrect or missing in your batch, your claim will cross walk fail.
- Contact the EDI Helpdesk with a claims example, you will need to provide the member ID, date of service and amount billed.
- EDI will locate the failed claim and provide you with the corrections needed to fix the cross walk.
