August 1, 2016

**RE: Optical Supplies Revisions – Effective September 1, 2016**

Dear Provider,

This letter is to inform you of the Oklahoma Health Care Authority's (OHCA) policy changes promulgated through the 2016 legislative session per the Administrative Procedures Act. All policy changes are effective September 1, 2016, and will be posted to the [policy website](#) on that date. In the interim, comprehensive summaries of the changes are listed below. Please note, the Oklahoma Administrative Code (OAC) links identified below will be updated with the new policy changes on September 1, 2016. Please forward this letter to your administrative, billing, and compliance departments.

These rule changes were posted to the OHCA Proposed Policy Changes [website](#) from December 16, 2015 through January 15, 2016 or January 15, 2016 through February 16, 2016 during the 2016 permanent rule making session.

**Beginning September 1, 2016:**

Corrective Lenses and Optical Supplies policy at OAC [317:30-5-432.1](#) and [317:30-5-450](#) is amended to clarify that eyeglasses meant as a backup are not covered, that high-index lenses require prior authorization. Changes clarify that members can select eyeglasses with special features that exceed the SoonerCare allowable fee as long as the provider obtains signed consent from the member. The member will be responsible for the excess cost and the provider must be able to dispense standard eyeglasses for which SoonerCare would fully reimburse.

In addition, policy is revised to allow fitting fee reimbursement when a provider has performed this service, in conjunction with providing a pair of covered eye glasses. Reimbursement for CPT 92340-92342 (fitting fee) and CPT 92015 (refraction) services will be allowed when this service is provided and documented.

Eyeglass frames and some lenses will be priced at a flat reimbursement rate as noted below:

- V2020 eye glass frames, will reimburse at \$10.00 per frame
- V2100-V2114 and V2200-V2214 lens, will reimburse at \$13.95 per lens
- V2784 polycarbonate, will reimburse at \$0.00
- 92015 will reimburse at \$16.63
- 92340 will reimburse at \$28.48

Refraction (92015) and fitting fees (92340-92342) will reimburse at the CMS RBRVS table rates with budget rate reductions applied. All eyeglass lenses will be polycarbonate materials unless the refraction prescription is not amenable to polycarbonate.

This letter is provided for informational purposes only. The OHCA encourages you to review each rule change in its entirety. If you have any questions regarding the information provided in this letter, please contact (800) 522-0114.

Thank you for the services you provide to our SoonerCare members.

Sincerely,

A handwritten signature in cursive script that reads "Rebecca Pasternik-Ikard".

Rebecca Pasternik-Ikard  
State Medicaid Director
